Sub: Invitation to deliver a talk/Guest lecture

Dear Sir,

As you know that the transformation of agriculture into a business activity has created a demand for professional management and use of modern technologies in areas such as specialized production, post-harvest management, promotion of value added agricultural products, supply chain management, marketing etc.

Agribusiness Management Education is now a priority area in the State. Therefore the Junagadh Agricultural University has added MBA (Agri-Business) programmed in the year 2008 in order to meet the demand of skilled agribusiness managers, leaders and entrepreneurs.

As per telephonic discussion we invite you to share your valuable experience and knowledge on *Entrepreneurship Opportunities through SSIP & Other Government Initiatives* with our MBA students as on *Jan 28, 2026 at 10.00 AM*. This lecture would be very much usefully for our Post Graduate (PGIABM) Students in their carrier building.

This is an humble request to accept our invitation and inform us about your convenience.
Thanking you.

Principal
