

Event Title

Event Name: SSIP 2.0 Sensitization Program Sem – 5 (Electrical Engineering Department)

Date: 09/07/2026

Venue/ Mode: Offline (NL7) KDP, PATAN

No of Participants: - 42

Speakers Name : D.S.TRIVEDI, A.R.JOSHI

About Event:

The SSIP Sensitization Program was organized on **09/07/2026** for the students of the **5th Semester, Department of Electrical Engineering**, with the objective of creating awareness about the **Student Startup and Innovation Policy (SSIP)**. The program was coordinated by **Mr. D. S. Trivedi** and **Mr. A. R. Joshi**.

The session provided a comprehensive overview of the objectives, benefits, eligibility criteria, application process, funding opportunities, and support mechanisms available under the SSIP initiative. Students were introduced to the various resources offered by SSIP, including project funding, mentorship, startup incubation, intellectual property support, and entrepreneurial guidance.

Outcome of Event:

The program significantly enhanced students' understanding of the Student Startup and Innovation Policy (SSIP) and its role in promoting innovation and entrepreneurship. Participants gained comprehensive knowledge of the SSIP application process, eligibility criteria, funding opportunities, and the various resources available to support startup and innovation initiatives. The session motivated students to identify real-world problems, develop innovative project ideas, and explore entrepreneurial opportunities through SSIP support. It also encouraged greater participation in innovation-driven activities within the institution, fostering a culture of creativity, critical thinking, collaboration, and problem-solving among the student community. Overall, the program successfully inspired students to transform their ideas into viable projects and startups, contributing to the development of an entrepreneurial ecosystem on campus.
