CAREER READINESS IN THE AGE OF AI

8TH JULY, 2026

2:00 PM TO 5:00 PM

VENUE: FCAIT-PG, GLS

GLS UNIVERSITY

INCUBATION CENTER

Event Category: Awareness of Trends in Technology

Event Name: Guest Lecture on "Career Readiness in the Age of AI"

Date: 8th July, 2026

A seminar was organized on the topic of "Career Readiness in the Age of AI" featuring Ms. Deepmala K, Techify Solutions Pvt. Ltd. The session was attended by the students of the FCAIT – PG.

The session was conducted by renowned industry experts who shared valuable insights into the impact of Artificial Intelligence on career opportunities and employability. The speakers explained how AI is transforming industries, redefining job roles, and creating new opportunities for professionals with the right skill sets.

The experts elaborated on the changing job market and provided a recruiter's perspective on the qualities organizations seek while hiring fresh graduates. They emphasized the importance of technical competence, adaptability, problem-solving ability, communication skills, teamwork, and continuous learning in securing successful careers.

The session also highlighted the essential future skills required to remain relevant in an AI-driven workplace. Students were introduced to various AI-powered tools that can enhance productivity, learning, career planning, and professional growth. The speakers stressed the responsible and effective use of AI to improve efficiency while maintaining ethical standards.

A significant focus of the session was on personal branding, where students were guided on building a strong professional identity through well-crafted resumes, LinkedIn profiles, digital portfolios, and consistent professional networking. Practical strategies for placement success, including aptitude preparation, interview techniques, group discussions, and effective communication, were also discussed in detail.

Towards the end of the session, the experts presented a structured career roadmap, encouraging students to set clear career goals, acquire industry-relevant certifications, participate in internships, develop

practical project experience, and continuously upgrade their knowledge to remain competitive in the global job market.

The interactive question-and-answer session enabled students to clarify their career-related queries and gain valuable guidance directly from the industry experts. The enthusiastic participation of the students reflected their eagerness to prepare themselves for future career opportunities.

Overall, the session proved to be highly informative, inspiring, and beneficial. It successfully bridged the gap between academic learning and industry expectations while motivating students to embrace lifelong learning and confidently prepare for successful careers in the age of Artificial Intelligence. The Department of MCA expresses its sincere gratitude to the expert speakers for their valuable contribution and looks forward to organizing more such industry-oriented initiatives in the future.
