

PROFILE BUILDING AND CAREER PATHWAYS

Date: 17-12-2025

Under the GLS University Incubation Centre and SSIP, a session on **Profile Building and Career Pathways** was organized on **17th December 2025**. The session highlighted the importance of building a strong profile through academics, internships, research, digital marketing, and extracurricular activities. Students were introduced to emerging career opportunities in **FinTech, fraud investigation, investment banking, event management, accounting, and finance**. The session also discussed higher education options, professional courses, MBA specializations, and the growing relevance of technology, Python, analytics, and communication skills. Emphasis was placed on continuous learning, practical exposure, innovation, and adaptability to changing industry requirements for achieving sustainable career growth.
