Date: 21/8/23 **Time:** 3 PM onwards	Venue: Civil Seminar hall,C101 No. of Audience present: Approximately:100

We at Dr. S. & S. S. Ghandhy Government Engineering College, Surat celebrated "**World Entrepreneurship Day**" on 21st August 2023. A seminar on "Venture Visionaries: Crafting Tomorrow through Entrepreneurship and Innovation" was arranged. The expert ,founder of Codeuxi Technology ,Miss. Jenis Vaghasiya was in the campus for the talk.

The function begin with the welcome speech by Prof. Darshan Mehta. He gave a brief introduction of our speaker and also greeted her with flowers and memento.

The session was then handed over to Miss. Vaghasia for the presentation. She explained the importance of entrepreneurship. She shared her journey as an entrepreneur. Entrepreneurship is the process of starting and operating a new business, often with the aim of bringing a unique product, service, or solution to the market. Entrepreneurs are individuals who identify opportunities, take calculated risks, and create value by organizing resources to create and grow a business venture. Entrepreneurship plays a crucial role in economic development and innovation. She also explained the key aspects of a successful entrepreneur. The session was very interactive and also interesting for the students. At the end of the event SSIP coordinator Prof. B.J.Panchal delivered the vote of thanks to our speaker of the day.
