Event Summary

The two-day Practical Training Workshop held at M.B. Patel Science College, Anand, offered an intensive certificate programme designed to immerse participants in the entrepreneurial ecosystem. With a focused group of 8 participants, the sessions delivered high-impact learning through expert-led discussions, hands-on ideation, and exposure to real-world innovation journeys.

Day 1 emphasized foundational concepts in innovation and entrepreneurship, with Mr. Nirav Patel and Ms. Sweta Prajapati guiding students through ideation, design thinking, and startup pitching strategies. Day 2 expanded into sector-specific entrepreneurship, featuring insights from leaders in Agri-Tech, STEM, and BioTech domains. The workshop concluded with a dynamic session on research commercialization and startup development, leaving participants inspired and equipped to pursue innovation-driven careers.

SSIP2.0 Sensitization Sessions

The first session was led by **Mr. Nirav Patel**, Senior Manager at SPSEC, who introduced participants to the Innovation Club and conducted an orientation programme focused on entrepreneurship and innovation as a viable career and life path. His session delved into problem-solving techniques, ideation frameworks, design thinking methodologies, and various types of innovation.

Following this, **Ms. Sweta Prajapati**, Founder and CEO of CerboTech Education Pvt. Ltd., took the stage for the second session. She shared insights on pitching and fundraising strategies, and delivered an inspiring lecture drawn from her own entrepreneurial journey, motivating students to pursue innovation with confidence.

On Day 2, September 30, 2025, the workshop continued with a session by **Dr. Dipen Parmar**, Founder of Gavyam GenTech and Mee2Milet, who explored opportunities in Agri-Tech and Food Science entrepreneurship, as well as Environmental and GreenTech ventures.

The second session featured **Mr. Ritesh Prajapati** from System Level Solutions India Pvt Ltd, Anand, who introduced participants to STEM-based innovation, robotics, and IoT-driven startup models.

The final session was conducted by **Mr. Bhuvan Vyas** from Savli Technology & Business Incubator (STBI), Vadodara, Gujarat. He provided valuable guidance on scientific research commercialization, startup development processes, and entrepreneurship in the BioTech and Pharma sectors. Each speaker brought domain-specific expertise and real-world experience, enriching the workshop with practical knowledge and entrepreneurial inspiration.
