

Brief Report on: Idea To Reality

1.	Title	Idea To Reality
2.	Objective of an Event	The objective of the event " <i>Idea to Reality using Laser Cutting & Engraving</i> " is to demonstrate how innovative concepts can be rapidly prototyped and materialized using advanced laser fabrication technologies.
3.	About an Event	The event " <i>Idea to Reality using Laser Cutting & Engraving</i> " is designed to ignite creativity and innovation by showcasing how raw concepts can be transformed into tangible prototypes. Participants will explore the fundamentals of laser cutting and engraving, understand design-to-product workflows, and gain hands-on experience with advanced fabrication tools. This session empowers innovators, students, and makers to bring their ideas to life with precision, speed, and professional-grade output.
