

## **Entrepreneurial Summit (E-Summit) 2026**

**Event Date:** 31.01.2026 to 01.02.2026

### **About the event:**

Entrepreneurial Summit (E-Summit) 2026, organized by E-Cell, SVNIT Surat with support from ASHINE-SVNIT, was successfully conducted on 31st January–1st February 2026 to promote entrepreneurship, innovation, and startup culture among students. The two-day summit witnessed participation from 2000+ students and featured workshops, an Internship Drive, panel discussions, Vegas Street, and a 48-Hour Algo Trading Hackathon.

A major highlight of the summit was the panel discussion with renowned startup ecosystem leaders, who shared valuable insights on entrepreneurship, branding, startup challenges, and scaling ventures. The event also hosted **LEGO Startup**, a month-long bootcamp focused on Finance, Marketing, Ideation, and Pitching, with 80+ teams participating and 16 finalists presenting their ideas on D-Day.

The final pitching round was evaluated by distinguished jury members and supported by experienced mentors from the startup and industry ecosystem. The summit was powered by ASHINE and SSIP, with support from ecosystem and industry partners.

Overall, E-Summit 2026 served as an excellent platform for students to gain exposure to startups, mentorship, networking, and practical entrepreneurial learning.
