Established under the Gujarat Private Universities Amendment Act 2011 and recognized under section 22 and 2(f) of UGC

Name of Event	LET'S TALK IP-WORKSHOP ON PROTECTING IPR AND IP MANAGEMENT FOR STARTUPS		
Event Type (Co-curricular/ Extra Curricular)	Extra Curricular		
Platform	Offline and Online		
Place of event	A3-102, IAR		
Date (s) of the event	08 April 2026	Time	2:00 PM- 4:00 PM
No. of Student/ faculty Participants for Expert talk	Students: 221 Faculty: 36	Level of Activity	University Level
No. of Participants for poster Presentation	NA		
Name of the Coordinator	Mr. Milan Trivedi, Mr. Minesh Prajapati		
Name and details of the Expert	Ms. Niharika Anand Examiner of Patents & Designs Intellectual Property Office Delhi, India		
Contact details of Organizers	milan_trivedi@iar.ac.in 8511112792		
Sponsoring authority	IAR	Sponsorship/ Budget amount:	NA-

Guest/Expert (External/Internal): Ms. Niharika Anand ,Examiner of Patents & Designs, Intellectual Property Office, Delhi, India

Brief Overview of the Event:

The **Institute of Advanced Research (IAR), Gandhinagar**, in collaboration with the **Gujarat Council on Science and Technology (GUJCOST)**, successfully hosted the **4th IP Talk** titled “**Patent Analysis and Patent Landscaping**” on **8th April 2026**.

The program commenced with a warm welcome and floral compliments, followed by the **opening remarks delivered by Dr. Narottam Sahoo, Advisor, GUJCOST**. In his address, he highlighted the growing importance of intellectual property in fostering innovation, research excellence, and national development. He emphasized the need for academic institutions to actively engage in patent-related activities and build a strong culture of innovation aligned with the vision of *Viksit Bharat*.

Institute of Advanced Research

The University for Innovation

Established under the Gujarat Private Universities Amendment Act 2011 and recognized under section 22 and 2(f) of UGC

The session aimed to enhance awareness and understanding of Intellectual Property Rights (IPR), particularly focusing on patent analysis and patent landscaping, which are essential tools for research, innovation, and technology development. The program witnessed active participation from faculty members, researchers, and students, fostering meaningful discussion on intellectual property and its role in strengthening innovation ecosystems.

The expert session was delivered by **Ms. Niharika Anand, Examiner of Patents & Designs, Intellectual Property Office, Delhi**, who shared valuable insights into patent analysis techniques, interpretation of patent data, and the strategic importance of patent landscaping in research and industry. Her presentation provided practical knowledge on navigating patent databases and understanding trends in technological innovation.

The event concluded with an interactive question-and-answer session followed by a vote of thanks and networking over high tea. The program schedule included the expert talk and discussion session as part of the IPR awareness initiative under the “Let’s Talk IP” series.

A brief Profile of the Expert

Ms. Niharika Anand is serving as an **Examiner of Patents & Designs** at the **Office of the Controller General of Patents, Designs and Trade Marks**, New Delhi, functioning under the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India. The office is responsible for administering patent, design, and trademark laws in India and plays a key role in evaluating patent applications and safeguarding intellectual property rights.

In her professional role, she is actively involved in the **examination and analysis of patent applications**, assessment of prior art, and ensuring compliance with the provisions of the **Indian Patents Act** and related intellectual property regulations. Her expertise includes **patent analysis, patent landscaping, intellectual property rights (IPR) awareness, and innovation protection**, contributing to strengthening the research and innovation ecosystem.

Ms. Anand frequently participates as a **resource person and expert speaker** in academic and professional forums, delivering sessions on patent searching, patent analytics, and intellectual property management for researchers, faculty members, and students. Her engagements support capacity building in innovation, technology transfer, and intellectual property awareness.

Objective of the Event:

- (a) To **create awareness about Intellectual Property Rights (IPR)** and their significance in promoting innovation, research, and entrepreneurship among students, faculty members, and researchers.
- (b) To **enhance understanding of patent analysis and patent landscaping**, enabling participants to identify technological trends, research gaps, and opportunities for innovation.
- (c) To **encourage the protection and commercialization of intellectual property**, thereby supporting technology transfer and industry–academia collaboration.

Institute of Advanced Research

The University for Innovation

Established under the Gujarat Private Universities Amendment Act 2011 and recognized under section 22 and 2(f) of UGC

- (d) To **develop the capacity of researchers and innovators** to effectively search, interpret, and utilize patent information for research and development activities.
- (e) To **promote a culture of innovation and responsible research practices** aligned with national initiatives such as *Viksit Bharat* and *Atmanirbhar Bharat*.
- (f) To **facilitate interaction with an intellectual property expert**, providing participants with practical insights into patent procedures, filing processes, and IP management.
- (g) To **strengthen institutional support for intellectual property generation and management** through awareness and knowledge dissemination initiatives.
- (h) To **motivate students and faculty to pursue patentable research outcomes** and contribute to the national innovation ecosystem.

Outcome of the Event:

- (a) Participants gained **practical knowledge of patent searching techniques**, including the effective use of Boolean operators (AND, OR, NOT) to obtain accurate and relevant patent information.
- (b) Faculty members, researchers, and students developed an **understanding of various patent search engines and databases**, enabling them to conduct systematic prior art searches for their research work.
- (c) The session enhanced participants' ability to **assess the novelty and originality of inventions**, which is essential before initiating the patent filing process.
- (d) Attendees became more aware of the **importance of intellectual property protection** and its role in safeguarding research outcomes and promoting innovation.
- (e) The program strengthened the **research and innovation ecosystem at the Institute of Advanced Research**, encouraging the integration of patent searches into research and project development activities.
- (f) Participants were motivated to **translate their research ideas into patentable outcomes**, contributing to increased intellectual property generation within the institution.
- (g) The event fostered **greater awareness of intellectual property rights (IPR) policies and procedures**, supporting informed decision-making in research and technology development.
- (h) The session contributed to building **capacity in intellectual property management and innovation practices**, aligning with national initiatives promoting research, entrepreneurship, and technology commercialization.

Institute of Advanced Research

The University for Innovation

Established under the Gujarat Private Universities Amendment Act 2011 and recognized under section 22 and 2(f) of UGC

Feedback from Students:

- (a) Students expressed that the session was **highly informative and practical**, particularly the demonstration of real-time patent searching methods.
- (b) Participants appreciated learning about the **use of Boolean operators and different patent search engines**, which helped them understand how to perform effective literature and patent searches for their academic projects.
- (c) Many students found the explanation on **how to check the novelty of an idea before filing a patent** especially useful for their research and innovation activities.
- (d) The interactive nature of the session encouraged students to **ask questions and clarify doubts** related to patents, intellectual property rights, and research commercialization.
- (e) Students acknowledged that the session **enhanced their awareness of intellectual property rights (IPR)** and motivated them to think about protecting their innovative ideas.
- (f) Participants suggested organizing **more hands-on workshops and advanced sessions on patent drafting and filing procedures** in the future.
- (g) Students appreciated the opportunity to **learn directly from an expert in the field of patents**, which added credibility and practical relevance to the session.
- (h) Overall, students rated the program as **useful and relevant to their academic and research development**, and recommended conducting similar awareness programs regularly.
