Event Overview

The Seventh day of Entrepreneurship Fundamentals – 2026 (EF-Day-05) was successfully conducted on 26th May 2026 by the Sardar Patel Startup & Entrepreneurship Council (SPSEC) at Sardar Patel University, Vallabh Vidyanagar. The full-day program (10:30 AM – 4:30 PM) featured two expert sessions that guided participants through the legal, financial, and branding aspects of building and growing a startup.

The morning session was conducted by Dr. Amit Ganatra, Director (Dean) of R&D and Dean, Faculty of Engineering & Technology, CVM University, on “AI Tools and AI-Driven Entrepreneurship.”

Drawing from his extensive experience in Artificial Intelligence, Machine Learning, Data Science, and emerging technologies, Dr. Ganatra delivered a highly insightful and future-focused session that helped participants understand how AI is reshaping entrepreneurship, business operations, innovation ecosystems, and problem-solving approaches across industries.

Adding further inspiration to the concluding session, Mr. Shravan Kumar, Founder of ProSecta, and Abhishek Pansuriya, Founder of Namō Vardan, shared their startup journeys, entrepreneurial challenges, and real-world experiences, motivating participants to pursue ideas with persistence, creativity, and confidence.

The course concluded with an interactive valedictory session and certificate distribution in the presence of Our Directors, Prof. (Dr.) Sunil Chaki, and Prof. (Dr.) Hareshkumar Keharia, who interacted with participants, listened to their feedback, and reflected on the importance of innovation-driven thinking and entrepreneurship.

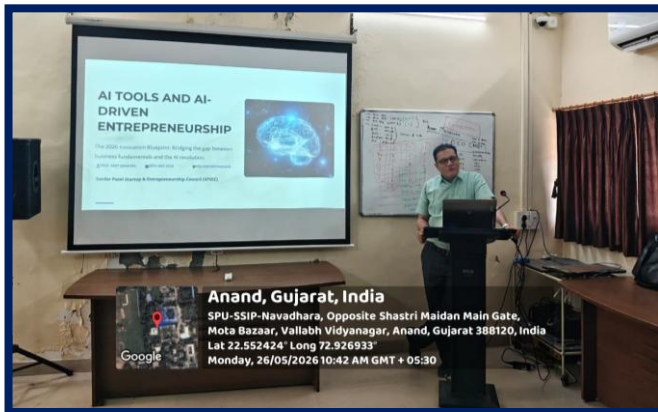

With expert sessions, practical activities, incubation ecosystem exposure, founder interactions, and technology-driven learning experiences throughout the 7 Days, “Entrepreneurship Fundamentals 2026” concluded as a meaningful initiative towards nurturing an entrepreneurial mindset and innovation-driven thinking among aspiring founders and innovators. SPSEC extends its best wishes to all participants for their future entrepreneurial journeys and endeavours ahead.

SSIP2.0 Sensitization Sessions

Outcomes:

The concluding day of Entrepreneurship Fundamentals – 2026 enabled participants to gain valuable insights into the transformative role of Artificial Intelligence in entrepreneurship while reinforcing the importance of innovation, adaptability, and technology-driven problem-solving in modern ventures. Through expert guidance on AI tools and emerging technologies, inspiring founder interactions, and reflective discussions during the valedictory session, participants enhanced their understanding of leveraging digital solutions for business growth and innovation. The seven-day program as a whole strengthened their entrepreneurial mindset, practical business acumen, strategic thinking, and confidence to pursue startup ideas, while fostering collaboration, resilience, and a deeper appreciation of the startup ecosystem and its opportunities.
