Seminar Report: Mind to Market: Unleashing Student Innovations through SSIP 2.0

The Student Startup and Innovation Policy (SSIP) Cell of the college successfully organized an insightful seminar titled "**Mind to Market: Unleashing Student Innovations through SSIP 2.0**" on August 5, 2026, at 12:00 noon at Taramoti hall. Designed specifically to orient and inspire First-Year (FY) B.Sc. students, the event saw an overwhelming response with **312 students participating**. The primary objective of the seminar was to introduce freshers to the ecosystem of innovation, early-stage entrepreneurship, and intellectual property protection, laying down a strong foundation for their academic and entrepreneurial journey right at the start of their college life.

The session was delivered by **Mr. Kirtikumar M. Patel**, an eminent Registered Indian Patent Agent, former Co-Chairman of the IPR Committee at the South Gujarat Chamber of Commerce and Industry (SGCCI, 2023–2024), and an active member of the Patent Information User Group (PIUG), USA. Leveraging his extensive domain expertise, Mr. Patel demystified the journey from conceptualizing an idea (*Mind*) to developing a commercially viable product (*Market*). He elaborated on key provisions under the SSIP 2.0 policy of the Government of Gujarat, detailing how students can access institutional support, proof-of-concept (PoC) grants, prototyping funds, and guidance for filing patents. He highlighted how basic scientific concepts explored during B.Sc. coursework can be transformed into practical solutions for real-world challenges.

The presentation was followed by an interactive Q&A session where the 312 attending students actively engaged with the speaker, asking pertinent questions regarding SSIP funding eligibility for basic science research, navigating initial patent searches, and balancing academics with innovation. The seminar concluded with a formal Vote of Thanks proposed by **Dr. Ketan C. Parmar**, who expressed profound gratitude to Mr. Kirtikumar M. Patel for his valuable guidance, thanked the college leadership and SSIP organizing team for their support, and commended the students for their active participation and enthusiastic interest in student-led startups.

Dr. Bhavesh M. Patel
