About Event:

An IDEATHON 2026 Program was organized with the noble aim of educating students about the Innovation and idea creation, under the SSIP2.0 Scheme, an initiative by the Government of Gujarat to support student-led startups and innovations. The event took place on 6th August 2026 at 2:00 PM at LBRARYB HALL, GOVERNMENT POLYTECHNIC, DIST. JUNAGADH. The program was organized and handled by SSIP team members of Government Polytechnic Junagadh in the presence of Chairman Shri V. C. JAGANI, HOD in Electrical Engineering, Govt. Polytechnic, Junagadh

For this program 18 ideas were received through Diploma level students from our institute students. All Present students participants presented their ideas in front of above jury evaluators. Students were asked questions about their ideas to convert it in to reality and how it can be an innovative or useful to society. Also some selected ideathon participants were asked to apply for POC under our SSIP2.0 Scheme to fulfil their ideas in to reality. They also informed about benefits of POC application under SSIP2.0. Chairman and jury decided to motivate selected ideathon participants by providing them certificated at an Institute level.

Outcome of Event:

By attending and Participating the in program, students gained a clear understanding idea creation process and its significance in shaping their academic and personal growth. They were introduced to the POC though SSIP support mechanisms offered under the policy, including financial assistance, mentorship, and counseling services, all aimed at nurturing innovation and entrepreneurial thinking among students.
