

SSIP 2.0 Sensitisation Program

Event Name: SSIP 2.0 Sensitisation Program Sem – 1 (Computer Engineering Department)

Date: 04 Aug 2026

Venue/ Mode: Offline (F107) KDP, PATAN

No of Participants: 152

Speakers Name: Yagnesh Patel

About Event:

The SSIP Sensitization Program was organized on 04/08/2026 for the students of the 1ST Semester, Computer Engineering Department, to create awareness about the Student Startup and Innovation Policy (SSIP). The program was coordinated by Yagnesh Patel. The session focused on creating awareness about the objectives, benefits, processes, and opportunities offered under SSIP to encourage innovation and entrepreneurship among students. Participants gained valuable insights into project funding, mentorship, startup development, and the support ecosystem available through the SSIP initiative. The program motivated students to transform their innovative ideas into successful projects and startups.

Outcome of Event:

The program successfully enhanced students' understanding of SSIP and its role in fostering innovation and entrepreneurship. Participants gained a better understanding of the application process, eligibility criteria, and the resources available to support their startup initiatives. The session inspired many students to explore innovative project ideas and consider applying for SSIP support. It also encouraged active participation in entrepreneurial activities within the institution, promoting a culture of creativity, innovation, and problem-solving among the student community.
