Visit to IIT Bombay – SINE & ASPIRE

Event Date: 26.08.2026

A delegation from ASHINE–SVNIT visited IIT Bombay on 26 August 2026 to participate in Netrutva Samvad and interact with SINE (Society for Innovation and Entrepreneurship) and ASPIRE – IIT Bombay Research Park Foundation (IITBRPF).

The delegation gained insights into incubation, entrepreneurship, research, technology commercialization, and industry–academia collaboration. Discussions focused on startup mentoring, research-to-industry linkages, technology development, industry connect, and best practices in managing innovation ecosystems.

Potential areas for future collaboration were also discussed, including student innovation programmes, hackathons, internships, faculty–industry research, industry-defined problem statements, and sharing of mentoring and innovation resources.

The visit provided valuable learning and opportunities to strengthen the innovation and entrepreneurship ecosystem at ASHINE–SVNIT through collaboration with leading institutions and industry partners.
